ROAD SAFETY

- Ride in a single file, no more than 15 riders.
- Ride in the direction of traffic.
- Ride on the right-hand side of the road.
- Stay visible at all times.
- Do not use a cell phone or other portable electronic device while riding.
- Do not pass a farm machinery without required visibility.

These guidelines are based on the recommendations of the Société du Québec. Thank you for following them to ensure everyone's safety.

ROUTES TO CHOOSE FROM

The coloured strips denote a climb. The climbs are at least 50 m long on a gradient of 3 % or more.

The sections with dotted gray indicate that the road is not paved.
A freshly graded gravel road will be difficult to ride on.
Recommended tire width: 35 mm
